Dear Sir:

Enclosed for filing in the above-identified application is an Information Disclosure Statement by Applicant (PTO/SB/08 equivalent) listing 9 references to be considered by the Examiner.

This Information Disclosure Statement is being filed before the mailing date of a final action and before the mailing date of a Notice of Allowance.

For those listed copending applications which have been published, the corresponding U.S. Patent Application Publication is listed in the attached form PTO/SB/08. For those listed copending applications which have not been published, but which have a published parent application (or other published counterpart application) with a substantially identical

specification and drawings, a U.S. Patent Application Publication corresponding to the published parent/counterpart is listed in the attached form PTO/SB/08. For those listed copending applications which have not been published and which do not have a published parent/counterpart as discussed above, a copy of the specification and drawings is enclosed. The chart below indicates where the specification and drawings of each listed application may be found.

In view of the anticipated lapse of time between the submission of this Information Disclosure Statement and the Examiner's consideration of the information cited herein, Applicant has not submitted herewith copies of the currently-pending claims of the copending applications listed herein. Notwithstanding the requirements of 37 C.F.R. § 1.98(a)(2)(iii), Applicant respectfully submits that a more accurate examination can be facilitated by obtaining current claim sets from the USPTO's electronic file system. Accordingly, Applicant respectfully requests the Examiner to obtain the current claims of the listed copending applications from the USPTO's electronic records when the Examiner considers the copending applications listed herein.
